

Permission to Photograph Page

Family Name: _____

During the course of the school year, pictures and videos are taken in the classroom or during school activities. The photos are usually used in the yearbook, but occasionally shown to other parents via school emails, sent to the newspapers, or used on our website. (Names are not used to identify students, however, grades are published on some).

Annual school pictures, contracted by LifeTouch, are taken for the purpose of updating a student school record. You are not obligated to purchase them. They will not be shared with any news agency without your express permission. However, they are used for the following: **Kindergarten graduate lawn signs, Eighth grade graduate lawn signs, Eighth grade class composite for hallway and Eighth grade composite for church bulletin.**
